

Elevate English Teaching & Learning

Digital Language Learning Solution for Today's Classrooms

SmartClass brings an interactive, engaging, and student-centered approach to English language acquisition. From listening and speaking to grammar and vocabulary, our digital curriculum adapts to any teaching mode, style, and learner.

Transform language teaching by blending a digital platform with engaging content, giving students more opportunities to practice, build confidence, and master fluency across all language skills.

Why Choose SmartClass for English?

SmartClass is a comprehensive digital language learning platform that accelerates fluency through interactive lessons and real-world conversations.

Designed for flexibility, SmartClass adapts to in-person, hybrid, or fully online classes. The platform allows students to practice English anywhere/anytime, while providing teachers with powerful tools to personalize learning and track progress.

1 More Speaking Time

Students can engage in immersive conversations with AI-based tools such as conversation and pronunciation.

2 Track and Measure Growth

Teachers can easily monitor student performance and growth over time.

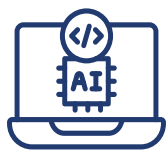

3 Real-Time Feedback

Auto-grading and immediate feedback help students reflect and improve faster.

4 Flexible Teaching Modes

Use SmartClass for hybrid, online, or in-person classes.

5 Smart Activity Builder

Empowering teachers with unprecedented flexibility, the new Smart Activity Builder allows you to instantly create 5 auto-graded activities from any vocabulary list.

6 Teacher Input

Teachers can not only edit already created activities but also create activities to tailor to instructional needs.

- Quick Content: Upload your list or use AI generation (Language: English, Level, Topic).
- 5 Auto-Graded Activities: Get Pronunciation, Multiple Choice, Fill-in-the-Blank, Sentence Jumble, and Word Jumble.
- Customize & Assign: Easily review, edit, and assign the perfect supplemental practice.
