

Enhance Spanish Teaching & Learning

Digital Language Learning Solution for Today's Classrooms

SmartClass delivers an interactive, engaging, and student-centered approach to teaching Spanish. With a focus on listening and speaking, our digital curriculum supplements any teaching style and provides tools to enhance fluency and build confidence in language skills.

Transform Spanish language learning by combining a powerful digital platform with engaging content, offering students more opportunities to practice, speak, and master fluency.

Why Choose SmartClass for Spanish?

SmartClass is a comprehensive digital language learning platform that accelerates fluency through interactive lessons and real-world conversations.

Designed to enhance Spanish fluency through interactive lessons and real-world speaking practice, our Spanish curriculum can be used for in-person, hybrid, or fully online classes. SmartClass enables students to practice Spanish anytime, anywhere and teachers gain robust tools to personalize learning, create custom activities, and track progress with ease.

1

Teachers can create custom Spanish activities using 5 flexible templates, import and digitize their existing curricula, or customize our 850+ pre-made activities. Build activities tailored to your students' specific needs and seamlessly integrate your original content into the platform.

2 More Speaking Time

Students can engage in immersive conversations with AI-powered tools for advanced speaking practice, as well as conversation and pronunciation feedback.

3 Track and Measure

Teachers can easily monitor student performance and growth over time.

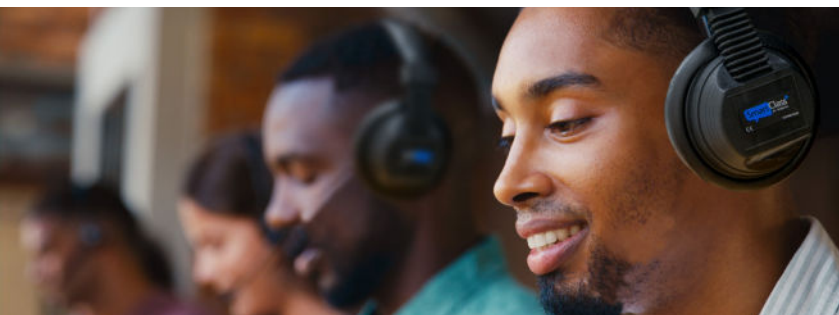

4 Real-Time Feedback

Auto-grading and immediate feedback on structured activities help students reflect and improve faster.

5 Flexible Teaching

Use SmartClass for hybrid, online, or in-person classes.

Supplemental Spanish Curriculum

The SmartClass Español curriculum spans beginner to intermediate levels (A1 to A2).

The Spanish curriculum includes over 850 activities focused on listening and speaking. This supplemental curriculum enhances classroom instruction, improves fluency, and ensures an engaging learning experience for students.

Curriculum Highlights

Structured Levels (A1–A2)

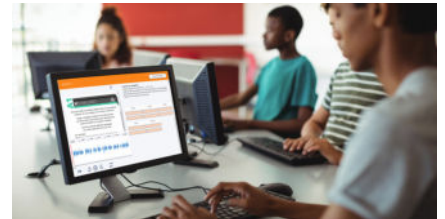

Progress from foundational skills to conversational confidence.

Diverse Tasks

Conversation practice, authentic videos, lots of conversation and speaking practice, and 20 different activity options.

Flexibility

Download our Spanish curriculum in full, or filter and select specific activities to supplement your daily lessons.

Student-centered Learning

Redo activities that help students practice at their own pace and take ownership of their learning.

Auto-graded Activities

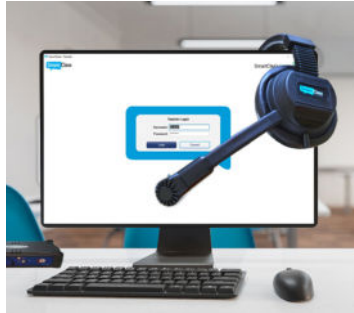

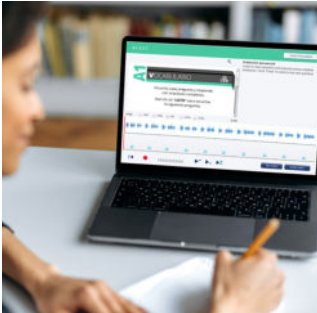

Many activities provide immediate feedback to students, reducing grading time for teachers.

Spanish Curriculum Scope
